

MENTORING AT Youth & Women in Logistics (YWL) Pakistan

To be or not to be..... a mentor or mentee.....that is the question!

- Do you have life and work experiences you'd like to share?
- Do you enjoy helping someone through a difficult time?
- Do you enjoy watching people bloom and grow?

Then we need YOU!!

YWL Pakistan is looking for mentors to help those who could use a little support and guidance in their careers - and maybe in their lives.

As a Mentor you choose how much/how often/ how personal your help can be.

Don't think you have much to offer? If you've worked for a number of years, have succeeded and failed - and learned from those experiences - then you too can be a mentor.
